

901 Mobile Cleaning Cart

901-693T

Mobile Cart Cleaning Systems

AVAILABLE MODELS

DEMA's mobile cart system puts everything needed for cleaning, sanitizing and foaming on two wheels. The unit is available with a wide selection of DEMA spray, foam and proportioning dispensers and is designed to provide a holding platform for chemicals and hangers for hoses. Ideal for use in shower rooms, large kitchens, food processing plants, store food preparation, storage areas and anywhere that permanent installations are impractical.

Mobile Cart Features:

- Pneumatic tires and plastic frame capable of heavy loads up to 600 lbs. (270 kg.)
- A wide selection of DEMA dispensers
- 25 feet (8m) outlet hose and 6 feet (2m) inlet hose on most units
- Spray gun or foam wand included (for spray or foam units)
- Built in hose hangers and secure chemical storage area
