

633MB Spray Clean Kit

- Water powered chemical spray kit
- Works great with discharge hoses up to 50 feet long
- Clean or sanitize anything from boots to farm equipment
- Will dispense virtually any kind of detergent or non corrosive sanitizer
- Includes metering tip kit which allows the user to choose one of 13 different chemical dilutions
- Modular design allows multiple units to be assembled side by side, therefore two or three products can be dispensed at the same station
